WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

High pressure over the North Coast will maintain dry weather conditions through the weekend.

Medford Weather:

As a ridge weakens and moves east tonight and Thursday, a west to southwest flow aloft will develop and there will be an increase in moisture. Friday, ridging will already be redeveloping and it will continue to build over the weekend.

Reno Weather:

High pressure building over the eastern Pacific this week will expand over the West Coast by the weekend. Weak valley inversions will contribute toward slightly cooler temperatures today followed by a warming trend and high temperatures reaching 10 to 15 degrees above normal for the weekend. A chance of rain showers is forecast next Tuesday, but overall dry conditions are expected to prevail through the end of January.

San Francisco Weather:

Seasonable temperatures today and Thursday as dry weather continues. Stronger high pressure will build Friday and through the weekend with temperatures trending several degrees above normal with record warmth possible over the weekend. The ridge will shift eastward on Monday then by Monday night or Tuesday a chance of showers returns to the forecast as a system from the south approaches the state.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Dry weather with areas of late night/morning valley fog expected this week. Temperatures expected to remain above to well above normal through the extended period. Potential wet weather by the middle of next week.

Hanford Weather:

High pressure will keep mainly clear skies and above normal temperatures over the higher elevations today while the San Joaquin Valley will see a continuation of cooler temperatures under mostly cloudy skies as an inversion persists. A cool northerly flow will mix out the low level moisture on Thursday and Friday.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Increasing offshore flow will bring sunny skies and locally breezy conditions along with a warming trend through Sunday. A low pressure system will bring clouds, cooler afternoon temperatures, and a chance of rain early next week.

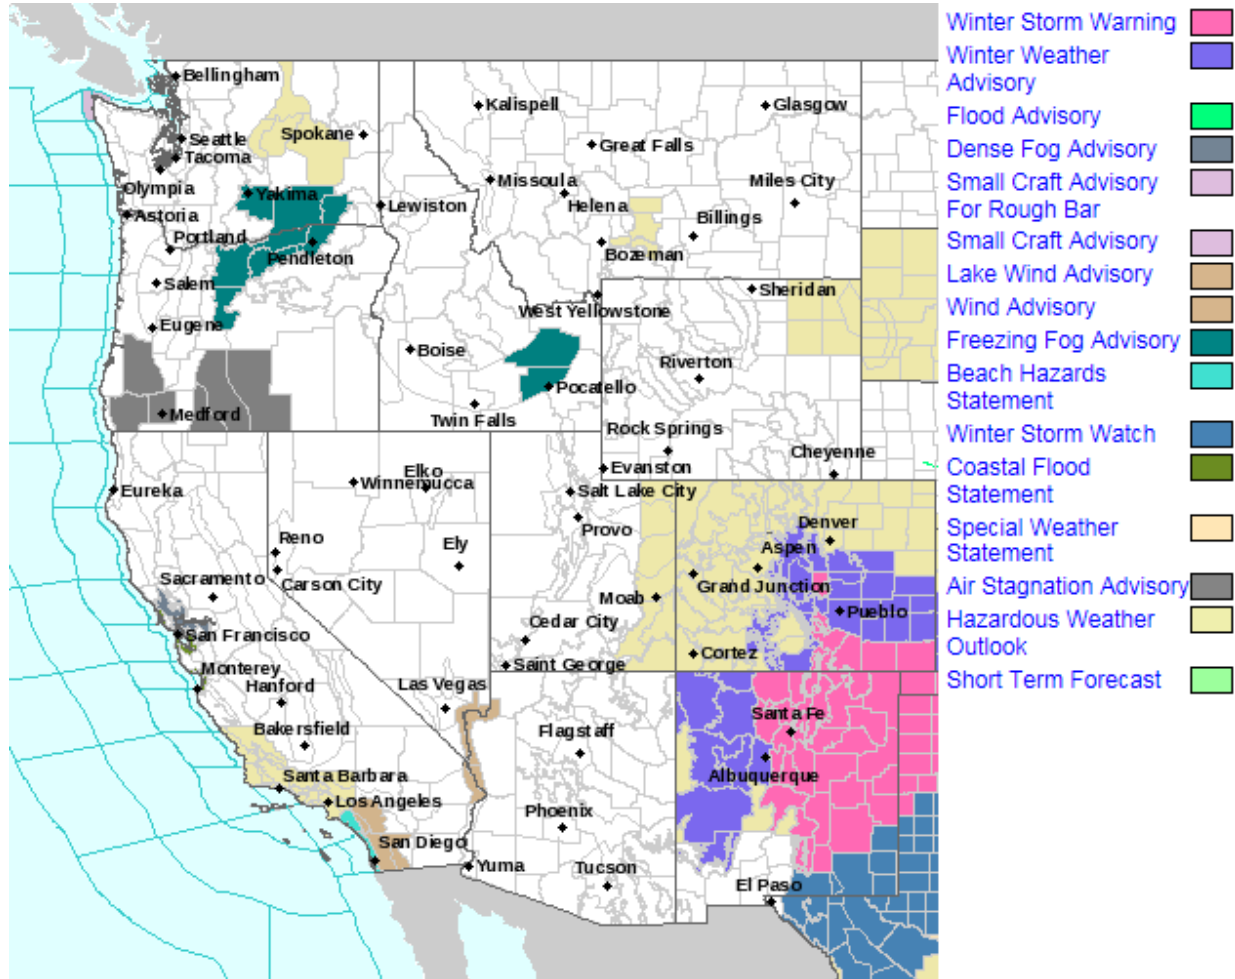

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

A deep marine layer with extensive low clouds in the coastal basin will be replaced by dry northeast flow and sunshine today. Offshore flow will continue through the weekend with strongest foothill winds on Thursday and Saturday. Building high pressure will push daytime temperatures well above average. Next week a low pressure system to the south will draw up tropical moisture that could bring rain Monday and Tuesday.

Southeast California Weather:

Strong northerly winds will develop over the lower the Colorado River Valley and adjacent areas. Additional cooling can be expected as well. Temperatures rebound over the weekend as high pressure builds in. Increased cloudiness and a slight chance of showers are possible early next week.

RECOVERY ACTIVITIES

Magnitude 6.0 Earthquake, American Canyon, Napa County

- Cal OES and FEMA announced that the Major Disaster declaration for the South Napa earthquake will also include the Individuals and Households Program under the Stafford Act. This amendment makes assistance available to help homeowners and renters recover from the earthquake.
- As a result of President Obama's major disaster declaration, the U.S. Small Business Administration declared Napa and Solano counties, making residents and business owners eligible to apply for low-interest physical loss disaster loans. This declaration also made available low-interest Economic Injury Disaster Loans (EIDL) for businesses to apply in the primary counties of Napa and Solano, as well as the contiguous counties of Contra Costa, Lake, Sacramento, Sonoma, and Yolo.

Recovery Activities

Public Assistance

- RPA: 63 RPAs were received and 14 have withdrawn for a total of 49 FEMA approved open applications.
- Kickoff Meeting: 56 Kickoff Meetings have been completed leaving 1 remaining to be scheduled once through FEMA's review queue. It is currently anticipated all kickoff meetings will be complete by 1/7/2015.
- PW: 215 PWs are anticipated to be written as a result of the Napa Earthquake. Currently, 75 PWs are in draft, 63 PWs are entered into the federal database system, 51 of which have been obligated.
- Exit Briefing: 11 applicants have had Exit briefings conducted.

Individual Assistance

- The FEMA and State VAL continue to work with nonprofit organizations in Napa County regarding Long Term Recovery efforts. The Napa Earthquake Recovery Group, aka, eNERGy will be holding a general meeting.
- Cal OES IA Voluntary Agency Liaison (VAL) continues NGO coordination in Solano County. The Vallejo Earthquake Recovery Group (VERG), a long term recovery group, has formed and has established by-laws and elected an Executive Board. United Methodist Committee on Relief (UMCOR) will provide case management training to local organizations in Napa and Solano counties.
- The registration deadline for individuals and businesses to request FEMA and SBA assistance closed on Monday, 12/29/14.
- Assistance Centers – The Local Assistance Center (LAC) in Napa transitioned to an SBA DLOC on Tuesday 12/30/14. The smaller operation maintains a presence by SBA staff. Hours of operation are 8 a.m. to 4:30 p.m., Monday through Friday.

RECOVERY ACTIVITIES

2014 Statewide December Winter Storms

On 12/22/14, Governor Brown declared a State of Emergency in Marin, Mendocino, San Mateo, and Ventura Counties as a result of the statewide storms impacting California. At this time, Cal OES Regions and Recovery continue to work closely with all impacted operational areas to assess the impacts, losses, and costs of the December Winter Storm.

Recovery Activities

Public Assistance

- IDE field validations have been completed in Tehama, Marin, Sonoma, Lake, and San Mateo Counties.

Individual Assistance

- On 1/2/15, SBA declared the primary county of San Mateo and the contiguous counties of Alameda, San Francisco, Santa Clara, and Santa Cruz a disaster area.
- On 01/07/15, the San Mateo County South San Francisco Local Assistance Center (LAC) located at 329 Miller Avenue, SSF, transitioned to an SBA DLOC and will remain open Monday through Friday, 9 a.m. – 6 p.m. The DLOC closed on 01/15/15, at 6 p.m.
- On 1/16/15, a DLOC will operate at the Fair Oaks Community Center located at 2600 Middlefield Road in Redwood City. The DLOC will operate from 2pm-7pm on Friday only and will provide outreach to residents of the Harbor Trailer Park.
- On 01/07/15, SBA declared the primary county of Tehama and the contiguous counties of Butte, Glenn, Mendocino, Plumas, Shasta, and Trinity a disaster area.
- On 01/06/15, Tehama County opened a LAC at the Red Bluff Community Center at 1500 South Jackson Street, Red Bluff. LAC operations are 01/06/15, through 01/08/15, from 9 a.m. to 6 p.m. On 01/09/15, the LAC will transition to an SBA DLOC and will remain open Monday through Friday, 9 a.m. to 6 p.m. The DLOC will close on 01/16/15 at noon.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued an Executive Order on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought. Specifically, through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate a biweekly state interagency conference call regarding drought community impacts.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
